## 10 Regions

Beginning in **Fall 2016**.....we will start rolling out the new CAIR 2 software so providers can search for patients throughout all of California!

- I. Northern California (888) 466-2411
- II. Greater Sacramento Area (916) 441-0726
- III. Bay Area (800) 578-7889
- IV. San Joaquin Valley (209) 468-2292
- V. Central Valley (877) 868-1280
- VI. Central Coast (805) 981-5211
- VII. Los Angeles-Orange (213) 351-7411
- VIII. Inland Empire (951) 354-1437
- IX. San Diego (619) 692-5656
- X. Imperial County (760) 482-4762

# CAIR 2

# CALIFORNIA IMMUNIZATION REGISTRY

# CAIR DISCLOSURE POLICY

**Immunization Registry Notice to Patients and Parents (TB)**

Immunizations or 'shots' prevent serious diseases. Tuberculosis (TB) screening tests help to determine if you may have TB infection and can be required for school or work. Keeping track of shots/TB tests you have received can be hard. It's especially hard if more than one doctor gave them. Today, doctors use a secure computer system called an immunization registry to keep track of shots and TB tests. If you change doctors, your new doctor can use the registry to see the shot/TB test record. It's your right to choose if you want shot/TB test records shared in the California Immunization Registry.

**How Does a Registry Help You?**

- Keeps track of all shots and TB tests (skin tests/chest x-rays), so you don't miss any or get too many
- Sends reminders when you or your child need shots
- Gives you a copy of the shot/TB record from the doctor
- Can show proof about shots/TB tests needed to start child care, school, or a new job

**How Does a Registry Help Your Health Care Team?**

Doctors, nurses, health plans, and public health agencies use the registry to:

- See which shots/TB tests are needed
- Prevent disease in your community
- Remind you about shots needed
- Help with record-keeping

**Can Schools or Other Programs See the Registry?**

Yes, but this is limited. Schools, child care, and other agencies allowed under California law may:

- See which shots/TB tests children in their programs need
- Make sure children have all shots/TB tests needed to start child care or school

**What Information Can Be Shared in a Registry?**

- patient's name, sex, and birth date
- limited information to identify patients
- parent's or guardians' names
- details about a patient's shots/TB tests

What's entered in the registry is treated like other private medical information. Misuse of the registry can be punished by law. Under California law, only your doctor's office, health plan, or public health department may see your address and phone number.

**Patient and Parent Rights**

It's your legal right to ask:

- not to share your (or your child's) registry shot/TB test records with others besides your doctor\*
- not to get shot appointment reminders from your doctor's office
- to look at a copy of your or your child's shot/TB test records
- who has seen the records or to have the doctor change any mistakes

If you DO want your or your child's records in the registry, do nothing. You're all done.

If you DO NOT want your doctor's office to share your immunization/TB test information with other registry users, fill your doctor or download a "Decline or Stop Sharing Information Request Form" from the CAIR website (<http://www.caair.org/forms/>) and FAX the completed form to the CAIR Help Desk at 1-888-439-9329.

For more information, contact the CAIR Help Desk at 800-578-7889 or [CAIRhelpdesk@dph.ca.gov](mailto:CAIRhelpdesk@dph.ca.gov)

\* By law, public health officials can also look at the registry in the case of a public health emergency.

### Permission to Share Your Child's School Immunization/Tuberculosis (TB) Screening Test Information with the California Immunization Registry (CAIR)

Immunizations or "shots" prevent serious diseases. Tuberculosis (TB) screening tests help to determine if you have may have TB infection and can be required for school entry. Keeping track of your child's shots/TB tests can be hard, especially if more than one doctor gave them. The California Immunization Registry (CAIR) is a secure computer system that doctors and authorized health care providers use to keep track of your child's shots and TB tests. If you change doctors, your new doctor can use the registry to see your child's shot/TB test record. CAIR is supported by the California Department of Public Health.

**How does CAIR help you?**

- Keeps track of all your child's shots and TB tests (skin tests/chest x-rays), so he/she doesn't miss any or get too many
- Gives you a copy of your child's most up-to-date shot/TB test record (from the doctor)
- Helps child care or school officials confirm that your child got shots/TB tests needed to start child care or school
- Helps your doctor send you reminders when your child needs shots

**How does CAIR help your school?**

Under California law, schools, child care, and other agencies may use CAIR only to:

- See which shots/TB tests children in their programs have received or need
- Make sure children have all shots/TB tests needed to start child care or school

**What information can be shared in CAIR?**

- Your child's name, sex, birth date, and birthplace
- Parents' or guardians' names
- Details about your child's shots/TB tests, such as type of vaccine/TB test and date given
- Limited non-medical information to correctly identify your child

Your child's information is safe! What's entered in CAIR is treated like private medical information. Under California law, only your doctor's office, health plan, or public health department may see your address and phone number. Misuse of the registry can be punished by law.

**Parent and Guardian Rights**

It's your legal right to:

- Say no, if you don't want to share shot/TB test information from your child's school record with CAIR
- Change your mind later if you want to stop or start sharing your child's shot/TB test information with CAIR
- Look at a copy of your child's shot/TB test record in CAIR and ask your doctor to correct any possible mistakes
- Know who has looked at your child's CAIR record

If you want to allow your school to share information from your child's school record with the California Immunization Registry, please SIGN and DATE below. Your child's school will do the rest!

Parent/Guardian Signature	Today's Date
Child's Full Name (please print)	Child's Birth Date (MM/DD/YYYY)
Mother's First and Last Names (please print)	Child sex: M F (circle)

For more information, contact the CAIR Help Desk at 800-578-7889 or [CAIRHelpDesk@cdph.ca.gov](mailto:CAIRHelpDesk@cdph.ca.gov)

# CAIR WEBSITE

The screenshot shows the CAIR website homepage. The navigation bar at the top includes links for HOME, ABOUT CAIR, JOIN CAIR, CAIR USERS (circled in red), PARENTS AND GENERAL PUBLIC, SCHOOLS AND CHILD CARE, TRAINING, and LOGIN. Below the navigation bar is a banner featuring the CAIR logo (California Immunization Registry, Connected & Protected), a photo of diverse children and healthcare providers, and the CDPH (California Department of Public Health) logo.

The main content area begins with a description of CAIR as a secure, confidential, statewide computerized immunization information system for California residents. Below this, a list of announcements is provided:

- CAIR 2 is Coming!** CAIR will be combining 7 regions and moving to new software beginning in the fall of 2016! For more info, go to the [CAIR 2 Project](#) page.
- CAIR IZ Portal – Please Login Now to Update Your Site Information!** So CAIR can continue to communicate with your data exchange Site, please login to the [CAIR IZ Portal](#) and update your Site info.
- CAIR Enrollment/Account Management is Now Online! [Learn more »](#)**
  - To register for electronic data submission, go to the [CAIR IZ Portal](#)
  - To enroll in CAIR to get web access, register at [CAIR New Enrollment](#)
  - To update your Account/ add Users, go to [CAIR Account Update](#)
- Changes to CAIR to Assist LHDs and HDAs with New VFC Program Requirements for Inventory Separation/Accountability (8/1/2014) [Learn more »](#)
- Having problems using IE 10 or IE 11? Click on the appropriate link below to see instructions on how to change your browser compatibility mode.
  - If using IE 10, click [here](#)
  - If using IE 11, click [here](#)
- Learn how to use CAIR by viewing [online demos](#) or participating in [live webinars](#) with an instructor

On the right side, there is a search bar and a section titled **Upcoming Training Webinars** (circled in red). This section lists several webinars with dates and topics, such as "Regular - Giselle Garcia" and "Inventory - Marcia Santillan". At the bottom right, there is a "CAIR Help Desk" link.

# CAIR 2 COMMUNICATION

The graphic features a header with the text "We're moving together to CAIR2" in blue and green. Below this is a colorful, abstract wave-like shape in shades of blue, green, and yellow. To the right of this shape, the text "Bigger Better Faster" is written in bold black, with "Find out more." in smaller text below it.

We're moving together to CAIR2

**Bigger Better Faster**  
Find out more.

The California Immunization Registry (CAIR) is in the process of being updated to a **bigger, better and faster** immunization information system, called CAIR 2. All existing immunization data from the regional registries in California are being combined into one system, so you will be able to access immunization information from across the state in the future.

Visit the [CAIR 2 webpage](#) to find out:

- When your region will launch to CAIR 2
- What trainings you may need to take to use CAIR 2
- The many benefits of using CAIR 2

Continue to visit the CAIR 2 webpage for the latest updates!

And please remember to [update your email address through the login page](#) to receive important communications throughout the CAIR 2 transition.

\*Sent to CAIR Users April 2016
